

Left & Right Heelboard Relay & Fuse Boxes

To remove the heelboard relay and fuse box trim panels, turn the fastener 90 degrees and pull the trim panel forwards. See **Fig. 7** . When reinstalling heelboard relay and fuse box trim panels, insert the top of the trim panel under the rear seat pan and push the bottom of the trim panel until it is fully seated. Insert the fastener and turn 90 degrees to secure the trim panel. For left heelboard relay and fuse box fuse identification, see **Fig. 8** . For right heelboard relay and fuse box fuse identification, see **Fig. 9** .
